

ViriMASK™ sizing

1. Measure the width of the forehead just above the supraorbital ridge (i.e. above the eyebrows). (A)
2. Measure the length of the face from line above eyebrows (“A”) to point Just above chin (gingival line). (B)

If A is below 145 mm use Medium; If above, use Large

If B is below 150 mm use Medium; if above, use Large.

If A is below 145 mm and B is above 150, use Medium

If A is below 130 mm or B is below 130 mm contact support (support@virimask.com) for advice.
